

ESSIC FOCUSING WEBINARS

There is no less important part in managing and help

WEBINAR 2 | Behavioural Management & Diet

18 FEBRUARY 2022 | 14.00 CET

Scientific Directors: R. Moldwin & J.J. Wyndaele

RATIONALE

This second of a series of webinars organised by ESSIC as a new approach to science, research and especially optimal management of BPS/IC today. Each webinar focusses on a specific topic. The previous one dealt with Physiotherapy. This one deals with behavioural management and diet, a very important part of therapy. It is presented by top specialists in the field all with a very large knowledge, great experience with the clinical application as part of the global approach one has to offer these patients.

14.00	Welcome	M Cervigni, ESSIC President
